GLOBAL SCHOLAR NETWORK

Scholarship Academy

> *Talent should be discoverable regardless of geography, family income or access to elite networks.*

For foundations, scholarship providers and education networks. Students build a verified learning record, scholarships publish their requirements in plain language, and every applicant can see exactly where they stand — with safeguarding and privacy at the centre.

WHAT IT RUNS

- Students (including minors with guardians), schools, consents and verified trainers
- Courses, learning content and progress; results verified by reviewers
- Scholarships with structured requirements and an eligibility explainer per requirement
- Applications and a scholarship pipeline for providers and universities
- Donors, sponsorships, disbursements and impact reporting without exposing identities
- Mentorships, safeguarding cases and a read audit of who looked at what
